

ATMO ACCESS
Access to Atmospheric Research Facilities

TNA Application Form

Technical services
(only for preview)

The application form is built with conditional logic and includes some questions and fields that only show based on the answer given to specific questions.

Welcome to the ATMO-ACCESS TransNational Access proposal online submission form. Before filling out the form, don't forget to check the application guidelines available on the ATMO-ACCESS website as well as the previews of the form.

The ATMO-ACCESS project - through the CNR, acting as the Work Package Leader for TransNational Access - needs to collect some basic user personal information and data for the means of processing applications for TNA under the ATMO-ACCESS project TransNational Access calls.

The ATMO-ACCESS will gather and securely store your data. Access will be restricted to required personnel, relevant TNA providers and selected qualified external evaluators, who will help determine successful applicants. Answers, informed consent and data will be stored at CNR, Italy, for the duration of this project, which should last 4 years. Your data will not be used for any other purpose than your TNA application and related reporting activities.

For more information, please read our privacy notice https://www.atmo-access.eu/atmo_access-privacy-policy/, and the Google privacy policy <https://policies.google.com/privacy>

By submitting this form, you are also giving us permission to contact you.

Email

mandatory field

I voluntarily agree to participate in this evaluation process to be granted transnational access to the ATMO-ACCESS research facilities. I have read and understood the above information.

mandatory field

PART A - General Information/ Information on the Applicant

A.1 - Information on the User group LEADER

Name and Surname

Please indicate your first name followed by last name

mandatory field

Gender

Mandatory field, select from drop-down list

Nationality

Mandatory field

Profile

Mandatory field, select from drop-down list

Field of activity

Mandatory field, select from drop-down list

Please select your scientific field

Mandatory field, select from drop-down list

Institution Name

Please indicate the name of the Institution where you are currently working or studying

Mandatory field

Institution status

Please indicate the legal status of the Institution where you are currently working or studying

Mandatory field, select from drop-down list

Institution address and country

Please indicate the country where your current institution is based

Mandatory field

Access start date

Indicate the planned starting date of the access project, beginning from the first access of a user group member to an ATMO-ACCESS facility. In case individual access of users have different planned dates, please provide details in section A.2 and describe the planned organization in section B.1 – Experimental method and working plan".

Mandatory field, select date from calendar

Access end date

Please indicate the planned end date of the access project

Mandatory field, select date from calendar

Potential flexibility of project dates?

Please, indicate how flexible the planned access dates can be, providing details if necessary (e.g., need on specific climatic conditions)

Mandatory field

Does the user group include other members?

Mandatory field, select from Multiple choice. If YES, details on each member of the user group will be requested in a following question in section A2

A.3 - Scientific excellence of the user group

Are there any references/publications of the user group in the domain of the application?

Mandatory field, select from Multiple choice. If YES, details on the publications will be requested in a following question (see A.3.1). Otherwise, the applicant will be requested to upload a short CV

A.3.1 Publications of the user group

List 5 publications of the user group in the domain of the application

Please provide a list of at least 5 recent, relevant publications of the participating scientists in the field of the project.

- 1
- 2
- 3
- 4
- 5

A.4 - Information on the requested TransNational Access

Information on the proposed access project

Facilities to be accessed via ATMO-ACCESS

Proposed mode / form of access

Mandatory field, select from multiple choice

Host Facility/ies

Select the facility/ies you are willing to access. The list provides the Facility's name, two-digit Country code and the type of facility (OBS for Observation facilities, ASC for Atmospheric Simulation Chambers, MOB for Mobile facilities, CL for Central Laboratories).

Tick all that apply

Responses Selected:

Facility short name, Country code, type of facility

Type of access requested

Mandatory field, select from Multiple choice

Are you a new user?

New user is a user that has never accessed the requested facility-ies before

Mandatory field, select from Multiple choice

Is there a facility similar to that/all those you wish to utilize in the country where you work?

Mandatory field, select from Multiple choice

Have you discussed the proposal with the access provider/s?

Mandatory field, select from Multiple choice

Main category of requested service/s:

Please pay attention when selecting the category of service, as the form is different based on this selection. Anyway, if halfway you realize that another category applies better, you can always go back to this section and change the preference. Whenever you go back and then forward again, the form automatically saves the answers so that you don't have to fill them in again. That works until the final submission of the form.

Mandatory field, select from Multiple choice

Please specify the scientific domains of the project. Highlight any cross-disciplinary aspect of the access, if applicable

Mandatory field

Title & Acronym of the project

Mandatory field

Page 2 of 3

PART B - Detailed information for technical services

Usual and customary technical services (i.e., calibrations, QC, etc., possibly involving also some ancillary training). Please note that future ACTRIS NF cannot apply for those services that will be provided as operation support under the ACTRIS ERIC.

B.1 - User's research facility

Name of the user's platform

Mandatory field

Location

Please indicate where the user's facility is located, providing also altitude (in m ASL) and geographical coordinates

Mandatory field

Instrument concerned (type, version, S/N, ...)

Mandatory field

Technical description of work to be performed and expected duration

Please describe the work that is needed including details in case of combination of physical and remote access, if requested (max 1300 characters)

Mandatory field

Please specify if the access also involves some training to the participating user group and provide details

Describe any additional training requirements. Training can be organised remotely

Mandatory field

Interest to the scientific community /relevance/impact

Please describe the expected results and deliverables (max 800 characters)

Mandatory field

Are you a recurrent user of the service?

Mandatory field, select from Multiple choice

B.2 - Further assistance needed from / at the facility during access

Onsite support is offered free of charge but details need to be provided

Administrative / logistic support

Please, describe the type of administrative and logistic assistance needed from the facility/at the facility.

Mandatory field

Technological / scientific support (for installation of an instrument, please provide: size, weight, power connection, necessary adapters, need of inlet or other equipment)

Please, describe the type of technological and scientific support needed from the facility/at the facility.

Mandatory field

Training support

Mandatory field

Other

Please, describe any other type of support needed, otherwise, just write none

Mandatory field

B.3 - Dissemination Plan

Only user groups that are allowed to disseminate the results they have generated under the TNA may benefit from the access, unless they are working for SMEs

B.3.1 - Data Management

It is mandatory that data from measurements at ATMO-ACCESS facilities will be provided for long-term storage and access (exceptions may apply in case of industrial/commercial use or on justified case-by-case basis)

Measurement data resulting from your access to the ATMO-ACCESS facility are to be provided for long-term storage and open access, though exceptions may apply. Are there any specific reasons for you not to disseminate results?

Mandatory field, select from Multiple choice. If YES, reasons for not dissemination will be requested as the next question. If NO, details on the dissemination plan will be required as the next question.

B.3.3 - Reasons for not disseminating results

Please justify the reasons why measurement data resulting from the access are not to be made available

Exceptions to the dissemination of results may only apply in case of industrial/commercial use or on a justified case-by-case basis

Mandatory field

Please, explain the reasons why results are not to be disseminated (included in publications or presented at conferences)

Exceptions to the dissemination of results may only apply in case of industrial/commercial use or on a justified case-by-case basis

Mandatory field

B.4 - Estimated user's travel & subsistence costs, in EUR **This section only shows for physical access or combination physical -remote**

Limited financial support is available upon request and is only intended to facilitate TNA but cannot guarantee full reimbursement of travel expenses of the participating users. Users are encouraged to use any other funding available to them (i.e., from other projects) to cover the remaining fraction of T&S costs. Reimbursement should be based on the most economical rates available.

Travel costs per person	mandatory field - insert the value
Number of persons travelling	mandatory field - insert the value
Total travel costs	automatically calculated field

Daily subsistence costs per person	mandatory field - insert the value
Number of travel days counting all the persons travelling (For example: 3 days x 3 persons travelling= 9)	mandatory field - insert the value
Total subsistence costs	automatically calculated field

Total estimated T&S costs

automatically calculated field

Financial contribution requested to ATMO-ACCESS

(up to max 30-40% of the total estimated T&S costs)

mandatory field - insert the value

Page 3 of 3

PART C - Final Statements

Do you agree to comply with any applicable national legislations and local health and safety regulations at the research facility concerned?

Mandatory field, select from Multiple choice

Do you confirm that in case of physical access each member of the user group has appropriate personal insurance during the access? This question only shows for physical access or combination

Mandatory field, select from Multiple choice

Do you agree to agree to participate in the TNA carbon footprint assessment?

Users who commit to the assessment will be asked to provide relevant information about their travel mode and/or online activities to evaluate the environmental impact of their TNA

Mandatory field, select from Multiple choice

Comments (if any)?

Optional field
